

Physicians seeking CME credits related to the NABBLM Board exam should refer to NABBLM's [website](https://nabblm.org/) (<https://nabblm.org/>) which sets out that the breastfeeding and lactation medicine knowledge requirements to sit for the grandparenting Board exam in 2025 includes 45 CME credits related to lactation over the past 3 years. The CMEs must be taught by physicians or PhD researchers who are knowledgeable about lactation. A CME certificate must have been obtained.

Presentations from iLactation's *Empowering breastfeeding: science and support* conference that can be considered eligible for CMEs according to NABBLM requirements are:

Presenter	Title	CMEs
